

ESP Development

written by Hypnosis Scripts | February 20, 2010

You are unaffected by negativity and retain the ability to enjoy all of the warmth and joy that life has to offer.

You are totally detached from negativity. You are open and receptive to love.

You do not complain.

You accept other people as they are without expecting them to change. You are patient, calm and harmoniously centered at all times.

You let go of all fear-based emotions such as blame, jealousy, guilt and possessiveness.

All negative emotions are now a part of your past.

You are independent and self-responsible and fully realize that you have unlimited ability to create your own reality. You are rapidly developing perception and psychic powers.

The psychic power is within and is your divine right. Infinite Spirit gives you the wisdom to increase your psychic powers and awareness.

You trust you intuitive processes.

Your thoughts have psychic validity and you now trust your thoughts.

You have extra-sensory and precognitive abilities. You listen to that inner self. You follow the magical path of intuition and your psychic powers increase tenfold.

Everyday your awareness increases and you receive many premonitions of things. You have the total ability to concentrate totally upon the subject of your immediate focus, whether business, pleasure or meditation.

You keep your mind calm like water. You remain centered at all times, physically relaxed, emotionally calm, mentally focused and spiritually aware.
